SKILL DEVELOPMENT PROGRAMME on REAL WORLD APPLICATIONS OF BLOCK CHAIN

Title : Real World Applications of Block Chain
Date : 25-08-2022
No. of Participants : 20
Department : Department of BCA Shift I & II

The Department of BCA Shift I & II has organized a SKILL DEVELOPMENT PROGRAMME on REAL WORLD APPLICATIONS OF BLOCK CHAIN. The Resource person Dr.K.SATHYA, Assistant Professor, Saveetha College of Liberal Arts & Science Chennai, has made the session very informative with a lot of presentation and communication. She also explained that a blockchain is a distributed database or ledger that is shared among the nodes of a computer network. As a database, a blockchain stores information electronically in digital format. Blockchains are best known for their crucial role in cryptocurrency systems, such as Bitcoin, for maintaining a secure and decentralized record of transactions. The innovation with a blockchain is that it guarantees the fidelity and security of a record of data and generates trust without the need for a trusted third party. The session was very informative to the students as it being a current trend and it was so interactive.
