Creating space for equality and ruling out discrimination will harbingers the position of education and transformation in our country. It is our responsibility to have a safe working space for students, staff and other stakeholders on campus is one of the significant aspects of any Higher Education institute. The institute provides CCTV surveillance throughout the campus. The campus is gated, entry is monitored through the verification of documents and identity cards.

### Counseling:-

The College provides a separate room to give counseling and guidance on carrier and life, to learners and staff. The expert is appointed to provide a way to self-discovery and develop confidence, hope, and encouragement. Counseling teaches the management of Emotions, self-acceptance, and how to eradicate negative emotions, and depression, and makes learners and staff feel strong and empowered.

**A professional counsellor (Mrs. K. Saradha Devi) is advised to counsel our students in Counselling room to educate about sexual harassment either collectively or individually, as suits the situation.**

- 1) The teachers are further instructed to counsel in cordial and cooperative manners so that senses of belonging and loving care prevail among the student community.
- 2) There is no report of ragging in the campus as it seems that the concept of ragging is completely erased from the minds of students.

**The ragging now is deemed historical and archived practice.**
