

## THIRUTHANGAL NADAR COLLEGE

### QUALITY INITIATIVE OF IQAC 2021-2022

IQAC has contributed significantly for institutionalizing quality assurance Strategies & process.

#### Best practices:

Academic audit by IQAC through higher authorities to increase and maintain the quality education College Committee is setup for this purpose to review the progress of regarding the teaching-learning Process.

#### Outcome:

- Academic calendar & Timetable is prepared
- Standardized the teaching notes / Lesson Plan of work done. For timely delivery.
- Inspection of course coverage & Attendance registered by the management to bring about quality improvement in academic

#### Quality Assurance strategies:

- 44 Templates has been initiated for data Collection in unique Format.
- Feedback system has been initiated
- AQAR
- Submission the Self Study Report NAAC cycle II
- Annual External Academic Audit is initiated

#### Learning outcome:

- The external experts evaluate the outcome of knowledge.
- The placement cell guided by the IQAC for the outcome of Skill based learning.
- Both knowledge & skills are assessed accordingly, IQAC suggests fresh programmes

The IQAC operates in full swing & monitor the Function of the inst's system. The principal, vice principal, the HOD's are all part of this team and hence planning & Monitoring is Seamlessly done every sem.

#### Teaching Learning :-

Course Files are checked every sem

Teaching Notes, Lesson plan & syllabus. Completion status monitored.

#### Structures & methodologies of operations: -

Institute focus on learner -centric education approach that shifts the role of the teaches from contributors of information to facilitating student learning through appropriate practices.

**Enhance use of ICT Resource for teaching learning**

Under supervision of IQAC, the TNCAS was proactive in ensuring regular online & offline studies. TNCAS has purchased Ms Teams, Advanced ICT tools with Wi-Fi facility. To conduct regular internal assessments, examination, classes sharing of study material. TNCAS switches to online platform list MS Teams, Google- Meet & Stream yard.

Use of online student feedback/online mentoring feedback for review & improvement of the teaching learning process
