Summary Report

The Department of Computer Science has organized a Workshop on "Mobile Services" and career guidance in the field of Mobile Hardware and Software Services. Mr.B.Krishna Kumar addressed the II and III year students. Trainer Mr.Venkatesh & Mr.Hari handled the session and it was very informative, interesting and interactive. Students gained the Practical exposure.

Workshop Overview

Objective: To provide participants with practical knowledge and hands-on experience related to mobile phones, including hardware repair, software troubleshooting, and advanced techniques.

1. Mobile Phone Hardware & Software

- **Component Identification:** Teach participants how to identify and understand different hardware components (CPU, RAM, storage, display, battery, camera systems).
- **Tools and Equipment:** Introduction to essential tools and equipment needed for hardware repair (screwdrivers, spudgers, heat guns, etc.).
- **Hands-On Repair:** Practical exercise on disassembling and reassembling a mobile phone. Participants can work on broken or old phones to gain experience.
- **Common Issues:** Discuss common hardware problems and how to diagnose them (e.g., battery replacement, screen repair).
- **Operating Systems Overview:** Provide an overview of different mobile operating systems (Android, iOS).
- **Software Updates and Maintenance:** Explain the process of updating software and managing apps.
- **Troubleshooting:** Hands-on session for diagnosing and fixing software issues (e.g., slow performance, app crashes).
- **Restoring and Backing Up:** Demonstrate how to back up data and restore a phone to factory settings.
- **Group Projects:** Allow participants to work on real-world scenarios, such as diagnosing and repairing specific problems or setting up a phone for a particular use case.
- **Q&A and Troubleshooting:** Provide time for participants to ask questions and get help with any specific issues they encounter during the workshop.

2. Follow-Up and Support

- **Feedback:** Collect feedback from participants to improve future workshops.
  - **Support Channels:** Provide information on how participants can get support
    continue learning (e.g., online forums, additional resources).
