Language and Communication Skills Lab Activities

Title : Language and Communication Skills Lab
Date : 10-07-2023 to 02-04-2024
No. of Participants : All First and Second Year students
Department : Department of English

The college has created a warm, learner-centred environment for the students. The college serves students from urban, semi-urban, and rural areas. Students are becoming proficient in the English language through theoretical and laboratory classes, allowing them to communicate in the language in any situation. Through poetry and prose, students acquire life skills that enable them to handle both personal and professional issues. The English Language and Communication Skills Labs help students overcome their language barriers and lessen the influence of their mother tongue on their English through phonetic exercises, presentations, group discussions, and public speaking. The Verbal Ability Lab broadens students' vocabulary while assisting them in developing their writing and analysis skills for the competitive world. The Advanced English Communication and Soft abilities lab gives students the employability skills they need through effective communication, negotiation, decision-making, time management, and resume writing. In the Effective Technical Communication lab, students can learn the skill set required for Effective Technical Communication. All things considered, the English language and communication skills laboratory helps students become successful graduates by preparing them for the workforce and assisting them in adjusting to the demands of a global society.

THIRUTHANGAL NADAR COLLEGE
DEPARTMENT OF ENGLISH (GENERAL)
ACADEMIC YEAR 2023 - 2024
SPOKEN ENGLISH CLASS REPORT

OBJECTIVES:

- Improve fluency and confidence in speaking English
- Enhance vocabulary and pronunciation
- Develop effective communication skills

TEACHING METHODS:

- Interactive lectures
- Group discussions
- Role-plays
- Audio-visual aids

REPORT

The Spoken English class successfully achieved its objectives, with students demonstrating notable improvement in fluency, vocabulary, and communication skills. The interactive teaching methods and supportive class environment contributed to the positive outcomes. The session includes theory and practical session in which students are given topic and invited for discussion at the desk to motivate and encourage others. Students are also asked to participate in games specially designed by expert to enhance their English language vocabulary.
